A journey through chilled emotional states...

...Edward Khooman aka Khooman is presenting his first full length album. With a collection of eight tracks, you will be traveling with his music through different states of emotions.

Already creating his own music since 2000 and playing live since 2005, Khooman is a new talent and find his inspiration in the magic of psychedelic chill out music.

"Is a Flexible Liquid" is a story of eight tracks and connects to your emotional state easily, exploring the depth of the mind, he created an unique world for exploring the sounds of the soul. Melodic and moody arrangements with a subtle beat accompanied by a range of instruments.

Ajana Records continues to present music with a concept and emotional story for music loving people.

Artist profile:

His real name is Edward Khooman, living in Moscow (Russian Federation). He has a great interest in electronic music since 1997.

He started to create his own music in 2000. Chill out, ambient and psychedelic trance. Project Khooman came into existence in 2001 and he is performing live on stage since 2005.

Other projects he likes are: Hallucinogen (impressed by a performance back in 1998), Shpungle, Ozrik tentacles, Hallucinogen, Eat static, Odd Harmonic, Derango and other projects of similar style & concept. After he send his first demo tracks to Ajana Records in 2006 the decision was made to let Khooman produce a full length album.
