Press & marketing:

Coming up this spring on Ajana Records the second downbeat album 'Futurised' from our label artist Psyfactor. After the successfully acclaimed first psychill album 'Endless Universe' there is a successor now, taking you further on the journey of unique soundscapes.

The album is a 12 track journey traveling from earth through space and back. Dmitry Korablin worked throughout 2009 on the 'Futurised' album to make it a colourfull musical journey through melodic soundscapes with uptempo beats.

Packed in a full colour digifile and a limited 500 copies edition, making this album a must-have for every psychill music lover. Audio mastering by Vincent Villius and artwork by Dreampaint.

Artist profile:

Psyfactor is Dmitri Koranblin, born in Russia and living in Moscow.

He started producing music in 1995 already. From 2000 on he started dj-ing psychedelic sounds at parties & festivals in & around Moscow. His first music production was inpsychedelic trance, later on he also started producing chill out and ambient music.

In August 2005 his first chill-out track was released on the Ajana Records compilation 'A Magical Journey'. This inspired him to go deeper into ambient music and started producing a full length album. This resulted in an Album with 9 unreleased tracks with the theme 'Endless Universe'

Label profile:

Our music will satisfy all of those restless listeners that are looking for something new and innovative with a touch of psychedelic taste in the background aimed for home listening and also for those late night travellers through sound and space.
